Update Drivers - UB91C

How do you want to search for drivers?

- Search automatically for drivers
Windows will search your computer for the best available driver and install it on your device.
- Browse my computer for drivers
Locate and install a driver manually.

Cancel

← Update Drivers - UB91C

Windows was unable to install your UB91C

Windows could not find drivers for your device.

If you know the manufacturer of your device, you can visit their website and check the support section for downloadable drivers.

→ [Search for updated drivers on Windows Update](#)

Close

Optional updates

Choose the updates you want and then select Download and install.

Windows updates

Windows 10 功能更新 · 版本 20H2

Driver updates

If you have a specific problem, one of these drivers might help. Otherwise, automatic updates will keep your drivers up to date.

Atheros Communications Inc. - Network - Atheros AR9271 Wireless Network Adapter

Download and install

The screenshot shows the Windows 'System > About' page on the left and the 'Device Manager' window on the right. The 'About' page displays system information for 'DESKTOP-85DAFNO' (Surface Pro 6), including device specifications and Windows specifications. The 'Device Manager' window shows a list of hardware categories, with 'Network adapters' expanded to show several network cards, including the 'Atheros AR9271 Wireless Network Adapter' which is highlighted.
